WHAT'S NEW FOR 2026?

We are consolidating our medical plans. The Value HRA, Choice HRA and Value HSA medical plans are being discontinued. If you are enrolled in one of these plans, and do not make a new election, you will automatically be enrolled in one of the three remaining plans as follows:

If Your 2025 Plan Is:	Unless You Elect a Different Plan, in 2026 You Will Automatically Be Enrolled in:
Choice HRA	Value PPO
Value HRA	Value PPO
Value HSA	Choice HSA

If you have a health reimbursement account (HRA), you have until December 31, 2025 to spend any remaining funds or they will be forfeited.

Our prescription drug plan will cover some medications differently.

Starting January 1, preventive drug coverage at 100% will be limited to generic medications only. Brand-name preventive drugs will be subject to the plan's deductible, coinsurance, or copay. Insulin and diabetic supplies will remain covered at 100%.

Certain specialty medications will require enrollment in the SaveOnSP copay assistance program, which may reduce your cost to \$0. Payments for specialty drugs made on behalf of copay assistance programs will no longer count toward your deductible and out-of-pocket limits.
